Complete bathroom systems

Model#	Product	Cutting Method	Rearflush Toilet	Tank	Volts (V)	PH	Amps (A)	Motor	
								HP	KW _{hp}
S2000	Powerflush Optima	Macerator	Round	Toilet Tank	115	1	5.1	1/3	0.48
S2002	Powerflush Optima	Macerator	Elongated	Toilet Tank	115	1	5.1	1/3	0.48
S2004	Powerflush Optima Pro	Grinder	Round	Toilet Tank	115	1	9.6	1/2	1.0
S2006	Powerflush Optima Pro	Grinder	Elongated	Toilet Tank	115	1	9.6	1/2	1.0

Use the Right Bowl. Standard toilets drain to piping in the floor. Be sure to check out our rear spigot toilet to complete your installation. The combination of 024416 or 023465 (bowl) and 024415 (tank) makes an EPA WaterSense compliant toilet with 1.28 gallons per flush.

Toilet components

Model#	Component Product	Used in

Adding a bathroom just got easier

Houses are no longer just a home. They have evolved to also serve as a gym, school, entertainment source, and office.

Redesign your living space and add a bathroom anywhere with a Powerflush. It has a sleek, modern look that provides all of the functionality and none of the mess... a win for both your home and wallet.

Redesign and update your:

- Basement
- Workshop
- Cabin
- Remodel
- Warehouse
- Rental unit

or anywhere wastewater removal is necessary.

Installation options and benefits to suit your needs

- Choose an easy install in front of your wall or a discrete installation behind the wall.
- Recessed side handles for carrying and installation.
- Non-clogging vortex impeller for reliable operation.
- Automatic reset protects the pump from thermal overload.
- No gravity drain required.
- Smooth surface for easy cleaning
- Collects used water from all fixtures including sinks, faucets, tubs, showers, and more.
- Customize your Powerflush system to suit your needs

Round or Elongated toilet bowl
Macerator or Grinder pump
Optional extension kit available to install pump behind the wall

All Powerflush Optima and Optima Pro solutions are 100% factory tested

From unfinished to fully furnished

Avoid living in a dusty construction zone for months when adding a new bathroom. There is no need to spend money breaking concrete to dig when you can stay above grade with a Powerflush.
